2019/2

Term 1 Week 2 – 04.02.2019

Dear Parents

Welcome back to another great year of learning! The start of the school year is always a moment of great anticipation and excitement. Whether your child is new to school, they are making a change and this is going to be their first experience in a particular school, or they are simply returning to their school after a fun-filled summer, this is going to be a very special moment for them. For everyone, students, parents, and teachers alike, there is that wonderful sense of a new beginning and a fresh start. It is natural for students to have a bit of anxiety and maybe even a few questions – what will my teacher(s) be like, who will be in my class, etc. But the focus should always be on the new upcoming adventure of learning and growing. To make it all go smoothly, there are a number of things that we as parents can do to make this educational experience be as positive, productive, and worthwhile as possible.

- Attends school daily and arrives on time, ready for the day's learning experience
- Reads daily to develop a love for reading and to improve literacy skills
- Shares school experiences with you so that you are aware of his/her school life
- Informs you if he/she needs additional support in any area or subject
- Knows that you expect him/her to succeed in school

Also, please consider joining our school P & C, as our students can greatly benefit from your involvement and contribution to the school's program and its operations. One of the greatest characteristics of the SIPS learning community is the genuine care and compassion shared between staff, students, and parents. SIPS is a place where staff and families come together to ensure that the children entrusted into our care grow to be productive, confident, compassionate, members of a global society. I look forward to an amazing year!

Janelle Radke  
Principal
