### NAPLAN Online May 13 - 24

Students in Years 3, 5, 7 and 9 participate in the annual NAPLAN tests in reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy. The online tests will commence on Tuesday 14th May.

The assessment provides parents and schools with an understanding of how individual students are performing at the time of the tests.

NAPLAN tests the sorts of skills that are essential for every child to progress through school and life, such as reading, writing, spelling, grammar and numeracy. It is important to remember that NAPLAN is not about passing or failing, but about assessing learning progress. At the classroom level it is one of a number of important tools used by teachers to measure student progress. Help your child prepare by reassuring them that NAPLAN is just one part of their school program, and by reminding them on the day to simply try their best.
